OUR MISSION

Northeast Coalition of Neighborhoods (NECN) fosters healthy communities by engaging citizens to become directly involved in determining how their neighborhood evolves and giving them the tools to have their voices heard by policy makers and the public at large.

NECN further seeks to support building informed, culturally representative, and participatory neighborhoods that support our social and ecological well-being.

ABOUT NORTHEAST COALITION OF NEIGHBORHOODS

WHO WE ARE

Founded in 1974 by Edna Robertson and Sharon McCormick as part of the Model Cities Program, NECN first earned a reputation as a pillar of NE Portland as an independent nonprofit organization - as it remains today. We have evolved over the years into being an incubator of civic action and by connecting residents with grassroots organizations, like-minded individuals and local policy makers to effect change in their communities.

The first of the original seven neighborhood coalitions, all of which are affiliated with Portland's Office of Community and Civic Life. To note, after the Spring 2024 Grant round, we will grow to include residents and neighborhoods from North and further East as we continue our work of supporting our communities.

- **We seek to stay rooted in history and driven by vision:** Drawing from Northeast Portland's diverse historical tapestry, we envision a future where personal connections and networks forge resilient communities.
- **Through past lessons, we make way for present collaborations:** Building upon the lessons of community resilience, we engage in organized efforts to shape a future where grassroots democracy thrives.
- **Acknowledging lived heritage, we can take collective action, we can take collective action:** Informed by cultural experiences and expressions of our past, we can intentionally and collectively create inclusive communities where sharing, teaching, and learning are celebrated as tools for positive change.
- **We find unity in diversity and strength in equity:** Embracing our multicultural and neurodiverse environment, we foster inclusion, diversity, equity, and accessibility, ensuring that all voices contribute to building capacity and shaping the future of Northeast Portland.
- **Environmental Stewardship, Land Use Equity:** Guided by environmental justice, we advocate for equitable land use in Northeast Portland. Through civic involvement, we prioritize sustainable development and unity in diversity, fostering resilience and environmental justice for all.

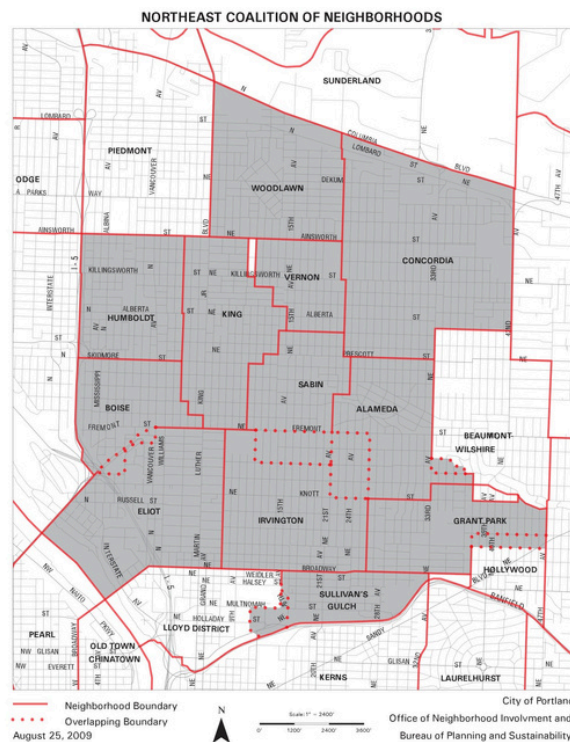

**WE BELIEVE IN THE POWER OF EVERY CITIZEN, IN EVERY COMMUNITY, TO CREATE
THE WORLD THEY WANT TO LIVE IN, ONE NEIGHBORHOOD AT A TIME.**

ABOUT THE COMMUNITY SMALL GRANTS PROGRAM

Since 2006, NECN and the Office of Civic and Community Life have collaborated to offer our community small grants program, dedicated to strengthening District 2's fabric through grassroots initiatives. We offer grants from \$500-\$3000 to support projects that bring communities together and enhance quality of life. We seek to fund projects that engage diverse populations, foster leadership, and empower underrepresented groups to shape the future of our neighborhoods.

At NECN, we're committed to empowering you, a cherished community member, to drive positive change in our community. Our mission is clear: to foster healthy, inclusive neighborhoods where every voice matters. Through our grants program, we hope to provide resources and support you need to turn your vision into reality.
